RUSSIANS SHELLING THE JAPANESE ARMY

Big Battle Is Now In Progress Aloug the Hun River.

EXTENSIVE CAVALRY MOVEMENT

Army of Field Marshal Oyama's Left and Center Is Being Attacked—Russians Capture Laohunshi—Other News From Eastern Conflict.

Tokio, Feb. 15.—3 p. m.—The Russians have begun an extensive cavalry movement against Field Marshal Oyama's extreme left.

Last night they were attempting to cross the Hun river west of Liao Yang with 9,000 horsemen. The operation

MARQUIS OYAMA, COMMANDER IN CHIEF JAPANESE ARMY.

began west of Chiteitza. One force of cavalry stole into Laohunshi and simultaneously another cavalry force approached Tacha, which is situated 13 miles southwest of Chitaitzu and 27 miles west of Liao Yang. Nine thousand cavalry, with artillery, approached the river a mile below Taicha and attempted to cross at 6 o'clock in the evening, advancing on Heikoutai (Pekotai). The shelling of Oyama's center continues.

News from Tokio.

Tokio, Feb. 16.—A fire took place at the Atsuta works, near Nagoya, last night and the damage done was considerable. The origin of the fire is unknown, but it is considered possibly the work of an incendiary. A searching investigation is now in progress.

The torpedo boat destroyers Ariake and Fabuk, constructed in Japan, have been placed in commission. Their average speed is 29 knots per hour.

The torpedo boat destroyer Arare is finished at the Yokohuka navy yard and is ready to be launched.

The British steamers Apolo and Scotsman bound for Vladivostok, were captured off Hokkaido yesterday. The Apolo was from Cardiff with coal, and the Scotsman had a cargo of provisions on board, which, according to her papers, was commissioned to Japans.

London, Feb. 16.—A dispatch to a news agency from St. Petersburg says the Russian third Pacific squadron sailed from Libau today.

Taylor Wants Freedom.

Chicago, Feb. 16.—A writ of habeas corpus for Charles F. Taylor, business partner of Alice Webb Duke, was issued by Judge Chetlain Tuesday. Mr. Taylor is alleged to have borrowed $3,000 from E. A. Blount at Nacogdoches, Tex., on false pretenses. Taylor's attorney went before Judge Chetlain with a petition setting forth that the copy of a Texas indictment produced here against Taylor is not a copy of a valid indictment and if it is a true copy of the original indictment, the indictment itself is not valid. The extradition papers, Taylor's petition asserts, do not set forth a crime. Taylor's attorney denied that Taylor is a fugitive from justice or is guilty of obtaining money from Blount under false pretenses. The writ is made returnable immediately.

WIFE-MURDERER IS HANGED.

Brutal Husband Who Killed Young Wife Pays Death Penalty.

Bridgeport, N. J., Feb. 16.—The crime for which Frank Raisinger today is to pay the death penalty was the brutal murder of his young wife. On Oct. 18, 1904, Raisinger went into the kitchen where his wife was at work and endeavored to caress her. She repulsed him, and Raisinger left the house. Later he returned and in order to protect herself Mrs. Raisinger seized a gun and threatened to shoot her husband. He again left the house but a few minutes later Raisinger quietly re-entered his home and secured the gun and shot his wife.

Death was not instantaneous and Raisinger sent another load of shot into the woman's body. He then arranged the body and clothing of Mrs. Raisinger to make it appear that she had been assaulted and murdered. This was accepted by the neighbors but later the coroner's physician pronounced the case one of suicide and gave a certificate of burial.

An investigation was begun by the prosecutor of the country and detectives. Detectives soon fastened the crime on Raisinger. The latter confessed. He has been placed on trial and his testimony was of such a revolting character that the judge appealed to the murderer's counsel to remove the witness from the stand.

COAL FAMINE IN IOWA.

Continued Cold Weather Puts End to Business in Hawkeye State.

Des Moines, Iowa, Feb. 16.—Continued unrelenting cold and snow which have practically put an end to business and tied up all trains entering Des Moines and traversing the state have placed the entire city and state at the mercy of a coal and fuel famine. But one dealer in Des Moines has hard coal for sale and that at a price almost above reach of the consumer.

Drifts between the city and the coal fields render teaming almost impossible by putting off the soft coal supply. In many sections of the state the farmers are burning corn for fuel.

Hundreds of Iowa towns isolated because of the stagnant condition of the railroad service are actually suffering. Fuel has advanced to a considerable extent and will be unobtainable at any price if the cold weather continues.

The associated charities of Des Moines says that in the history of the association there has never been such intense suffering among the poor.

REFORMS FOR NEW CHINA.

Emperor Recognizes Inadequacy of Existing Government Machinery.

Pekin, Feb. 16.—The emperor of China has lately approved a memorial presented by the president of the board of revenue, advising the establishment of official parliaments, where matters of importance, both foreign and domestic can be discussed by the chief metropolitan officials, members of the Hanlin college, the various boards of censors and the grand secretaries.

The council is not to hold discussions at regular intervals but only only when on by correspondence and not verbally.

The formation of this new so-called parliament is regarded by the foreign community as entirely illusory; useless but interesting as an indication that China now recognizes the inadequacy of the existing government machinery.

KING'S DAUGHTER WILL WED.

Belgium's Monarch Objects to Marriage with Prince Bonaparte.

Turin, Italy, Feb. 16.—Prince Louis Bonaparte has arrived here and has been received by his sister, Princess Letitia, wife of the Duke of Aosta.

Prince Victor Bonaparte is expected here to attend the family council, which will discuss his proposed marriage to the Princess Clementine, the youngest daughter of King Leopold, of Belgium.

King Leopold is opposed to the marriage on the ground that the prince is a Pretender to the French throne. The stand taken by the king had resulted in the princess leaving Belgium to live permanently in the south of France.

EXPENSES WILL BE GREATER NEXT YEAR

Over $7,000,000 Increase In Civil Sundry Bill.

WHAT THE SOUTH IS TO GET

Harbors and Rivers and New Public Buildings, Besides Additional Appropriations for Those Now in Course of Construction.

Washington, Feb. 16.—The sundry civil appropriation bill as reported contains an appropriation of $50,000 for continuing the construction of the federal prison at Atlanta, and the wall around the same, and also provision that so much of last year's appropriation for the same purpose as has been unexpended shall be made available in addition to the specific new appropriation.

The item contains the same provision as the last bill, which is that the money shall be so expended as to give the maximum amount of employment to the inmates of the institution.

One hundred and thirty-six thousand, one hundred and eighty dollars is also provided for the support of the institution, of this $46,180 goes for salaries, $46,000 for subsistence, $18,000 for clothing and transportation, $2,000 for hospital supplies, $30,000 for repairs and miscellaneous expenditures.

Virginia—Roanoke, $75,000; Winchester, $60,000; Manchester, $60,000; Portsmouth, $50,000.

In the Senate.

Immediately after the senate was called to order today Mr. Beveridge presented a memorial from the legislature from Indiana, and Mr. Berry a memorial from the legislature of Arkansas, both praying for the enlargement of the powers of the interstate commerce commission. In presenting the memorial Mr. Berry expressed the hope that the senate committee on interstate commerce would soon be able to report a bill on the question covered by the petition.

"The house has passed a railroad rate bill," he said, "and the interest is so general and the demand so great that I hope the measure will be reported back in time for the senate to act on it before final adjournment."

RETURNS TO WASHINGTON.

President Roosevelt and Party Home from New York.

Washington, Feb. 16.—President Roosevelt and some of the members of his party who have been spending the greater portion of two days in New York city, arrived here at 7:30 o'clock this morning, their private car being attached to the second section of train No. 41 on the Pennsylvania railroad. All the members of the party were prepared to leave the train when it rolled into the station and in a few minutes they had entered their carriages and were driven home.

The president looked the picture of health and not at all fatigued by his active round of festivities while in New York. There were a few people at the station and to these he bid pleasant good morning as he walked to his carriage. In the party in addition to the president were Mrs. Roosevelt, Mrs. Cowles, Mrs. Douglass-Robinson, the president's sister, who is to make a visit in Washington; Secretary Loeb and Dr. Stokes.

BESTOWED WEALTH UPON POOR

Millionaire Who Settled a Million Dollars on Relatives Is Dead.

Chicago, Feb. 16.—S. P. Roath, who died last night at Norwich, Conn., was a life-long associate of John H. Sherman, father of the Chicago stock yards.

The pioneer announced on Aug. 23, 1903, that he had just settled a million dollars on a "chosen set of relatives" just to see how they would use the money. Giving away his fortune, he made it clear that upon the behavior of the beneficiaries depended the final division of the property.

Roath was said to have been attracted by the declared purpose of Andrew Carnegie and D. K. Pearsons, to die poor. One peculiar feature of his gifts was that practically all went to poor families—each receiving independent fortunes.

Mr. Roath was estimated to have left another million.

WOMAN WILL NOT HANG.

Pardon Board of Pennsylvania Grants Further Time to Mrs. Edwards.

Harrisburg, Pa., Feb. 16.—Neither Mrs. Edwards nor Samuel Greason will hang tomorrow.

After the disposal of a number of other cases on the calendar Elwood H. Deysher, of Reading, representing Mrs. Edwards, asked the board to take up the case of Mrs. Edwards and continue it so that depositions could be taken and Mrs. Edwards examined as to the authenticity of her confession exonerating Greason. John H. Rothermel, on behalf of Greason, supported the motion of Mr. Deysher.

After deliberating for nearly half an hour, the board continued both cases.

The continuation of the cases will be certified to Governor Pennypacker and the latter is now free to act on the cases.

Two Killed in Train Wreck.

Greenville, S. C., Feb. 16.—Two fast freight trains on the Southern collided head-on at Latham, 9 miles south of here, resulting in the death of Flagman Gilbert and Fireman Rice, of No. 71. The engines of both trains were very badly damaged and passenger traffic was delayed for several hours. Other members of the crews were injured, but not seriously.

Threw Himself Under Train.

Lake City, Fla., Feb. 16.—A stranger threw himself in front of an Atlantic Coast Line train here. He was run over and killed. The case is one of supposed suicide. An Indiana tax receipt with the name of Charles Hartley was found on his person. He had 15 cents in his pocket. The body was buried here.

RUSSIANS POKE FUN AT UNITED STATES

Because of the Senate's Failure To Endorse President.

THE EDITORIAL VERY SARCASTIC

The Strike In Poland Russia Is Gradually Wearing Itself Out—Strikers at Locomotive Works Get Their Wages Increased by the Asking.

St. Petersburg, Feb. 16.—The Novoe Vremya in a sarcastic editorial on the action of the United States senate on the arbitration treaties pokes fun at the alleged attempt of the United States to take the leadership in the world's diplomacy. The editorial reviews the plan for preserving the administrative entity of China, the proposed naval demonstration in Turkish waters, the establishment of the Republic of Panama and the proposition to hold a second peace conference at The Hague, concluding with the cornucopia of arbitration treaties," the whole idea of which the paper says "finally met the fate which always overtakes a new fad. Therefore, it is not to be wondered at that the senate declines to yield to a scheme which placed the settlement of future disputes entirely in the hands of President Roosevelt."

St. Petersburg, Feb. 16.—The latest reports from Poland indicate that the strike situation at Warsaw and Lodz is exhausting itself. At several places in southern Russia, however, individual strikes are reported, notably at the locomotive works at Kharkoff, but the men's demands were immediately met.

The question of the coal supply for the iron industry of the south is growing daily more critical. The possibility that the strikers of privately owned railroads will demand the increase accorded to the men employed on the government roads is indicated by the action of the office force of the Moscow-Kieff road who have presented an ultimatum to that effect. But, altogether, the situation continues to improve.

Lodz, Feb. 15.—Work has resumed today in the majority of the factories.

POLICY HOLDERS TO CONTROL.

Movement on Foot For a Change of Management of Insurance Co.

New York, Feb. 16.—The movement to take the control of the Equitable Life Assurance Society from the stockholders and place it with the policy holders is to be taken up by the board of directors tomorrow.

At that meeting tomorrow two petitions will be presented, each signed by 23 officers of the society including the president and two of the four vice presidents, one petition asking that the control of the society be taken from the stockholders and given to the policy holders and the other declaring it to be the opinion of the signers that the re-election of James H. Hyde, who is the owner of 51 per cent of the stock, as first vice president, would be prejudicial to the welfare and progress of the society.

Boodle Inquest Closes.

Sacramento, Cal., Feb. 16.—The senate investigating committee has heard the closing arguments of counsel in the case of Senators French, Emmons, Wright and Bunkers, accused of boodling. It is expected that the committee's report will be ready to be submitted on Wednesday. The general opinion is that the senate will vote to expel the accused members or suspend them pending the result of their prosecution in the criminal courts. They will be arraigned in court Friday and their cases set for trial.

Four Persons Are Asphyxiated.

Cleveland, O., Feb. 16.—Four persons were found dead from asphyxiation at No. 1021½ Central avenue today. It is supposed that fumes from a natural gas stove resulted in their asphyxiation. The dead are: Mr. and Mrs. George Nolan, Mr. and Mrs. Chas. M. Holmes.

ALLEGED HORSE THIEF BEHIND PRISON BARS

Arthur Davis Arrested by Officer F. S. Curl at Eve.

WAS TRYING TO SELL HORSE

Animal Was Taken From Pasture Near Gainesville, and Was Property of A. T. Davies—Arraigned in Justice Court and Committed.

As an officer of the law Deputy Sheriff F. S. Curl of Archer enjoys a reputation of being as shrewd as officers are made. Upon several occasions he has demonstrated his shrewdness, and at the same time exercised his precaution in the matter of arresting and handling offenders of the law.

Officer Curl's latest victory was the arrest of Arthur Davis, colored, charged with horse stealing. His arrest occurred at Eve, Levy county, just as Davis was in the act of selling the animal for the low sum of $25

Davis, it is alleged, stole the horse from a pasture near this city. The animal was the property of A. T. Davies, the fish and oyster dealer, and was kept in the pasture when his services were not in use.

Early Tuesday morning Mr. Davies sent to the pasture for his horse, when the attendant discovered that the animal had disappeared. A thorough search of the pasture failed to reveal him, when the matter was reported to the owner. Mr. Davies, suspecting that the horse had been stolen, notified the authorities at various sections, which resulted in the arrest of Davis, who had the horse in his possession, and was trying to dispose of it at Eve.

The defendant was brought to this city, and Thursday was arraigned before Justice Colman, when he was committed to the action of the grand jury at the spring term of the circuit court. He is now behind the bars of the Alachua county jail.

MR. CHITTY'S VENTURE.

Has Invested in Stock of the Van Deman Grocery Co., Jacksonville.

A. B. Chitty of Micanopy, one of the most widely known young business men in the county, was among the visitors to Gainesville Wednesday.

Mr. Chitty has been for years a member of the firm of E. C. Chitty & Son, general merchandise, Micanopy, and it is safe to state that no firm in that section ever enjoyed better success. Always courteous, clever and obliging, the members of the firm, collectively and individually, have won a reputation of which they cannot be robbed, and prosperity has smiled upon them continuously.

But Mr. Chitty, becoming tired of life in a small town, has decided to make his home in Jacksonville, and with this end in view has assumed an interest in the Van Deman Grocery Company of Jacksonville. The company, it will be remembered, recently absorbed the Dowty & Stowe Company, wholesale grocers, which with additional capital invested, will make one of the largest concerns of the kind in the South. The authorized capital of the new company will be a quarter of a million dollars, which means a great deal when it comes to handling groceries.

Mr. Chitty will be connected with the firm, with headquarters in Jacksonville. His friends wish him well, and believe that he will be successful in his new venture.

MR. SHEROUSE WILL LEAVE.

Adventist Minister Will Assume Charge of a Church in Jacksonville

Rev. Joseph Sherouse, for the past five months pastor of the Second Advent Church in this city, has decided to leave, and on next Sabbath will deliver his farewell sermon, being the sermon to the Knights of Pythias.

It is to be regretted that Mr. Sherouse will not remain longer in this field. He has been a man of great usefulness among his people, full of ambition, full of the spirit of Christianity, and a graceful and earnest speaker. He has served his church and his people here well, and his departure will be an event of regret by not only the members of his congregation, but by all the people of the city.

Mr. Sherouse is a gentleman of the highest Christian character. His work has been highly satisfactory, and he has accomplished a great deal towards the upbuilding of the church here. He is also a great secret society man, and will be missed especially in the order of the Knights of Pythias.

NOT MEDICINE

Babies don't need medicine — older children very rarely. Better nourishment will generally set them right. Scott's Emulsion is the right kind of nourishment and the kind that will do them the most good. Scott's Emulsion contains nothing that children should not have and everything that they should.

AT THE TABERNACLE.

Dr. Blackstone's Lecture Yesterday Afternoon Was Very Interesting.

The services at the Tabernacle yesterday afternoon were as interesting as usual, and large crowds attended the services, morning, afternoon and evening.

In the afternoon the lecture of Dr. W. E. Blacksone on "The Lord's Coming," was especially interesting. Dr. Blackstone seemed to throw his whole heart and soul into the address, and those who attended were deeply impressed.

Services will be held at the Tabernacle at the usual hours today, and a cordial invitation is extended to all.

The Stone Has Arrived.

The McCarrell artificial stone, which was ordered for the new Holy Trinty Church, and which was delayed en route, has arrived, and Contractor Robertson was busy yesterday in the construction of the building. The stone is very handsome, resembling granite, and will make a fine building. The material being on hand, the work will progress rapidly, and within a few weeks Gainesville may boast of another elegant new church, one of the finest in the State. Contractor Robertson, under the personal direction of whom the work is being done, is said to be one of the finest in the country, which is an assurance that the building will be all that could be desired.

Before the Mayor.

J. J. Lynch, the traveling photographer, who has been taking pictures of the various business houses, offices, etc., in this city for the past few days, as well as taking orders for the same, was brought before Mayor Thomas Thursday upon a charge of violating the ordinance, having failed to secure a license.

The charge was preferred by City Tax Collector Ellis, and after an understanding of the matter Mr. Lynch paid the license and was relieved of further embarrassment.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and $1 bottle. Sold by W. M. Johnson.

Ate Strychnine for Candy.

Bennington, Vt., Feb. 16.—As a result of eating strychnine tablets, mistaken for candy, Leslie Elwell, 3 years old, is dead, and a 7-year-old brother, Calvin, is in a critical condition, with his limbs paralyzed. Physicians say that he will be a cripple for life if he survives. The children found the tablets, which their father, D. W. Elwell, had in the house as medicine.

Eloped with Her Sweetheart.

Richmond, Va., Feb. 16.—Lester Mayer, of Atlanta, and Missa Mamie Williams, of Luray, eloped to South Carolina to wed. Miss Williams was to have been married to Milton E. Emerson tomorrow, and elaborate preparations had been made.

CREW ABANDONS SHIP AT SEA.

They Are Picked Up by Passing Vessel and Landed in New York.

New York, Feb. 16.—One shipwrecked crew and a sailor from another vessel which had been abandoned at sea were brought here today on the steamer Sarnia, which arrived from Kingston by way of Fortune Island.

Six of the sailors were seamen from the Italian bark El Romile, which was beached at Point Morant, Jamaica, and became a total loss. The other was a member of the crew of the American schooner Ida C. Southerd which was abandoned at sea in a dismasted and water-logged condition.

The crew of the Southerd was rescued by the German steamer Siberia and landed at Suno Island.

Insane Girl Drowns Self.

Philadelphia, Feb. 16.—A young woman well dressed and of refined appearance, today walked out of a room in the Pennsylvania hospital for the insane here, eluding physicians and attendants. Twenty minutes later she had found death in the icy waters of the Schuykill river, in full sight of scores of persons, who were powerless to prevent her. The woman was Miss Elizabeth Caroline Fuhrmann, 35 years old. She was under treatment for suicidal mania. The authorities of the Pennsylvania hospital for the insane, where the woman had been committed, decline to reveal how she eluded their vigilance. The body was recovered.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doeses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 10th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.

Steamer Kanawha Towed to Port.

New York, Feb. 16.—The steamer Kanawha, which sailed from Boston Feb. 13 for Norfolk, was towed into this port today by the tank steamer New York. The steamer Kanawha makes frequent trips from Norfolk or Newport News to Boston and returning light. She was on her way to Norfolk to load, having left Boston last Saturday. She is known as a "lake boat," having been built at Port Huron, Mich., in 1902, for coal carrying purposes.

Agonizing Burns

Are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully—that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at all druggists.

Serious Defect on Battleship.

San Francisco, Feb. 16.—A serious defect has been found in the forward turret of the new battleship Ohio. The Ohio left here on Feb. 6 for the Santa Barbara channel and ther for the first time her big guns were fired. A return was made to this port and then it was found that the discharge of the guns had uncovered defects in the forward turret. It will require four or five weeks to put the vessel's turret in the proper condition.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all drug stores. Try them.

A Great Composer.

Ethel—Who was that man you just bowed to? Penelope—That was Dobson, the great composer. Ethel—A composer, did you say? Penelope—He manufactures soothing sirup.

Friends and Foes.

Dear to me is the friend, yet can I make even my very foe do me a friend's part. My friend shows me what I can do; my foe teaches me what I should do.—Schiller.

To act with common sense according to the moment is the best wisdom I know.—Walpole.

A NEGRO WOMAN CAUSES TROUBLE

Edward Par Is Dead, and Gus Mashburn Was the Murderer.

NEGRO MADE HIS ESCAPE

After Shooting but Was Later Apprehended by Officer Siford and is Now in Newberry Jail—The Trial Will be Had Today by Justice Henderson.

Newberry, Feb. 16.—Wednesday afternoon two negroes, Gus Mashburn and Ed Par, became involved in a difficulty at Cummer's log camp over the formers' woman, when Mashburn drew his pistol and shot Par through the head, killing him instantly.

Mashburn succeeded in making his escape from the camps, but was arrested Wednesday night by constable Siford at one of Dutton's mines, and brought here and lodged in jail. He will be given a preliminary hearing today before Justice Henderson.

PYTHIAN ANNIVERSARY.

This Great Order is Now Forty-One Years Old.

February 19 (Sunday next) is the 41st anniversary of the great order Knights of Pythias. The occasion will be celebrated with proper ceremony in this city. At 7 p. m. Mt. Vernon Lodge No. 20 will march in a body to the Advent Christian Church, East Main street. N., at which time the pastor, Rev. Joe Sherouse, will deliver an address on "Pythianism," and other services appropriate to the occasion will be conducted. Mr. Sherouse is acknowledged to be the best posted man in Pythianism in the South and his ability as a speaker is well known to all, and it is needless to say that the Knights and their many friends who will be present will receive a treat on this occasion.

The Sun also regrets to say that this will be Mr. Sherouse's last Sunday in our city, he having been called to another field of labor. Mr. Sherouse has been in charge of the Advent Christian Church here for the past five months, and during his sojourn in our midst has greatly endeared himself to all the people.

Popular People to Wed.

Invitations are out announcing the approaching marriage of Marvin Pierce Summers of High Springs and Miss Estil, the accomplished daughter of Mrs. M. V. Mathers, Micanopy, which will occur at the home of the bride's mother at noon-time on Wednesday, March 1.

Mr. Summers is one of High Springs' leading young business men, and one of the most widely known and most popular in that section. The prospective bride is a fair daughter of Micanopy, possessing a most hospitable and affectionate disposition. Both are quite popular, and The Sun, with other friends, extends congratulations in advance.

Attention, Odd Fellows.

The regular weekly meeting of Center Lodge No. 11, I. O. O. F., will be held this evening at the lodge room over Dutton's bank, beginning at 7:30 o'clock. There will be work. A full attendance is desired, and visiting brothers will receive a cordial welcome.

Notice is given that after this meeting the regular meetings of this lodge will be held on Monday, instead of Friday evenings, exchanging with Gainesville Chapter, R. A. M. which will meet the fourth Friday in each month.

Saleswomen's Peril

GRAVE DISEASES, DUE TO STANDING

Facts About Miss Merkley's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

Miss Margret Merkley

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read about the experience of Miss Margret Merkley, 275 3d Street, Milwaukee, Wis.:

Dear Mrs. Pinkham:—

"Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had ovarian trouble and ulceration of the womb, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and in a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the case of any sick woman as with Miss Merkley.

Commits Suicide at Sea.

New York, Feb. 16.—A suicide at sea was reported by the North American Lloyd steamer Kran Prinz Wilhelm, which arrived today from Bremen. The victim was a fireman named Frohman, of Hoboken, N. J., on the American line steamer St. Paul. Frohman jumped from the St. Paul soon after she passed Sandy Hook last Wednesday. The report of the man's act was communicated by the Kron Prinz Wilhelm by wireless telegraph when the two steamers met at sea.

Girl Set Afire For Fun.

Columbus, Ga., Feb. 16.—Willie Rice, the 3-year-old daughter of Mrs. Mollie Rice, a widow who works in a factory, was burned to death Tuesday afternoon. The girl was playing with other children in the house and a boy about her age lighted a splinter and playfully stuck it to her dress. She was enveloped in flames almost in an instant. There were no grown people in the house, the aged grandmother having gone out to buy food.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

ANIMAL STRIKERS.

Both Birds and Beasts Occasionally Refuse to Work.

Both birds and beasts occasionally go on strike, according to observers. A herd of horses will bunch together, neglect their food, become restive, neigh and rub noses when in a field. The outcome is that the herd will not allow themselves to be saddled or harnessed and will chase and attempt to kick the attendants. Female birds take tantrums and refuse to do the housework. They desert their nests and leave their eggs to become cold and barren. The male naturally becomes greatly concerned, but with the bird and beast creation the male will never attack the female, so there is no remedy. Warblers and starlings are given greatly to these strikes.

A species of black ants have little yellow ants which do most of their work for them. Occasionally the yellow species will go on a strike. Their food supply is cut off, but if that does not avail the strikers are attacked or another lot of yellow ants are secured.

Even the rabbit is a hardened striker. In rabbit colonies the stronger rabbits do most of the burrowing, and as often as perhaps once in two years these become discontented and refuse to work.

BOILING WATER.

Why a Redhot Poker Does Not Cause It to Hiss.

If a redhot poker be thrust into cold water it hisses and sputters; if into boiling water, there is no commotion.

When in the first experiment cold water comes in contact with the hot iron there is a sudden and explosive generation of steam, which causts the liquid to be scattered with a hissing noise, consequent upon the bursting of innumerable bubbles.

When, on the other hand, a poker is thrust into boiling water, which is already freely giving forth steam, the introduction of the hot iron by still further assisting steam production causes the poker to become at once surrounded by a sheath of vapor, which effectually prevents the water from coming into actual contact with the metal.

This sheath of vapor is comparatively a bad conductor of heat, so that but little passes from the iron to the water. There is no commotion, and the poker can be withdrawn still glowing brightly.—London Answers.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

An Irish King of Portugal.

An Irishman was once king of Portugal, or at least he once ruled in the king's stead over that country. In November, 1640, there was a revolution in Portugal, brought about by the tyrannical exactions of Miguel Vasconcellos, the secretary of state. The hated minister was shot and the vice queen, Margaret of Savoy, abdicated. The crown was offered to the Duke of Braganza, who was living at Villaviciosa. Meanwhile, until the duke should accept the crown, the people of Lisbon elected a popular and influential Irish merchant, named John Darcy, who resided in the city, as their nominal king. Darcy accepted the honor conferred upon him and bore the title of "king of Portugal" from Dec. 1 to Dec. 6, 1640.

Living Stones.

The visitor to the Falkland isles sees scattered here and there singular shaped blocks of what appear to be weather beaten and moss covered bowlders in various sizes. Attempt to turn one of these bowlders over, and you will meet with a real surprise, because the stone is actually anchored by roots of great strength; in fact, you will find that you are trifling with one of the native trees. No other country in the world has such a peculiar "forest" growth.

Hopeless Case.

"Do you enjoy classical music?" asked the young woman.

"Yes, miss," answered Mr. Cumrox; "I enjoy it much, but I never can get over the idea that the tunes would sound better if they were played by a mandolin or banjo club."—Washington Star.

Nearer the Mark.

Briggs—Do you believe that the world is divided into two classes—those who borrow and those who lend? Gregory—No, sir; my experience is that two other classes are much more prevalent—those who want to borrow and those who won't lend.

Fine Drawn.

"You will observe that this is a very fine point."

"It ought to be. You've strained it enough."—Cleveland Leader.

I will chide no brother in the world but myself, against whom I know most faults.—Shakespeare.

DR. GWILYM, EMINENT DIVINE.

The cold of the past few days has not materially reduced the attendance at the Bible Conference held in the Tabernacle in this city, which speaks well for the people of Gainesville, showing that they appreciate the efforts of the eminent divines whose visits to the city have been made possible by having these annual conferences here. Such men as the scholarly Episcopal dignitary, Rev. Dr. David Vaughn Gwilym of New York, do not undertake to rend the feelings of their hearers with tear-dimmed eyes and plaintiff appeals; but through their own grandeur seek to place the cause of Christ and His teachings on a high and exalted elevation, and bring people to the throne of grace from an enlightened standpoint.

Such teachings have their bearing, for the preaching of religious doctrine for the manliness and womanliness of the belief, is the way that the greatest impression can be made at the present time, and as soon as the way is intelligently revealed, the people will receive the Word with more earnestness of purpose than ever before.

Sacrificing worldly gain for the salvation of souls has placed Dr. Gwilym near to the heart of the people. They have faith in his work, for they know he is for them, and no matter if he should never see them again, many will remember his learned words and the earnestness of his efforts at the Bible Conference held in Gainesville in the year 1905.

And at his last appearance for the present Conference, Wednesday night, the hymn, "God Be With You 'Till We Meet Again," came from the hearts of the large audience with the full force of the tender words of that familiar sacred lyric.

MORTON AND THE TRUSTS.

Those who have thought the trusts would now suffer, will be surprised to read of the solicitude felt for the Armor Plate Trust by some one very near to the administration, and their efforts in behalf of this long-suffering corporation.

The government recently advertised for proposals for furnishing 8,000 tons of armor plate. Three bids were submitted. The United Steel Company, and the Bethlehem Steel Company, which is controlled by Charles M. Schwab, offered to furnish the required amount at the same price—$420 a ton, with an added Krupp royalty of $22 a ton. The Midvale Company of Philadelphia offered to furnish the plate for $398 a ton flat, and backed its tender with a liberal check as a guarantee of good faith. Experts admitted the high quality of the armor furnished by the latter company, which withstood all the tests to which it was subjected, but when it came to awarding the contracts Secretary Morton gave the trust the entire order, and its only competitor got nothing. As a result, the government will pay $352,000 more for 8,000 tons of armor no better in quality than that offered by the Midvale Company.

Defending his course, Mr. Morton states that while the samples submitted by the Midvale Company successfully underwent the test it has not yet commenced the regular production of armor in sufficient quantities to justify him in giving it the contract. Nor will it as long as such tactics are pursued. Armor plate is not like shelf hardware, to be turned out in immense quantities and stored away until a purchaser puts in an appearance. Whatever inducement may have existed for the Midvale Company to embark in this line on a large scale has been swept away by the recent awards. Encouraging competition by stifling it may meet with the approval of Secretary Morton, but it is not exactly in accord with public opinion on such matters.

CONFEDERATE VETERANS.

Preparations are being perfected for the annual reunion of these battle-scarred heroes, and the following will convey the facts regarding the same:

"To Confederate Veterans: Charged with your entertainment at the fifteenth reunion of the United Confederate Veteran Association to be held in Louisville on the 14th, 15th and 16th days of June, 1905, on behalf of Kentucky and Louisville, we desire to extend to you the sincerest and most cordial invitation to be present on that occasion.

"We recall the fact that in the past there has been some complaint that the social entertainment for the sponsors and maids of honor and others had in some degree interfered with provisions for the care and pleasure of the Veterans themselves. Without sitting in judgment in any way on others, we hope in the conduct of this reunion to avoid all just grounds for such criticism of this kind in Louisville, and to make such provision for all the Veterans who attend that they will feel that, as it is their reunion, they will have received every possible pleasure that such an occasion can bring.

"Louisville and Kentucky feel highly honored to have these Confederate soldiers in their bounds. Both historically and politically Louisville appreciates the coming of the Southern soldiers into her midst, and the people propose to make this one of the most memorable occasions in the history of the association.

"To relieve all apprehension or doubt, we send out this announcement that in all that can be done for the Veterans, the coming reunion will be in the highest sense a Veterans' reunion, and nothing will be left undone here that can add to their happiness or comfort.

"While the Veterans shall have all that can be desired or suggested, it must not be forgotten that Kentucky hospitality can meet all demands, and that sponsors and maids of honor, friends, associates and sons will find a welcome that is worthy of this great city and historic Commonwealth.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Being personally acquainted with Mr. Collins, we feel certain he will carry out the ideas he has declared for, and The Sun wishes him abundant prosperity.

J. S. BASHAW INVENTOR OF NEW REFRIGERATOR PROCESS

Any Ordinary Car, By This Process, May be Utilized to Advantage.

IS DESTINED TO BECOME GREAT BENEFIT

To the Growers of Vegetables in Florida and Elsewhere, And Will Save a Great Deal Over the Regular Refrigeration.

Julian Seay Bashaw, for many years a resident of Gainesville, has invented something new in the line of refrigeration which he claims is going to revolutionize the world in the matter of cheap and effective transportation of perishables by refrigeration process.

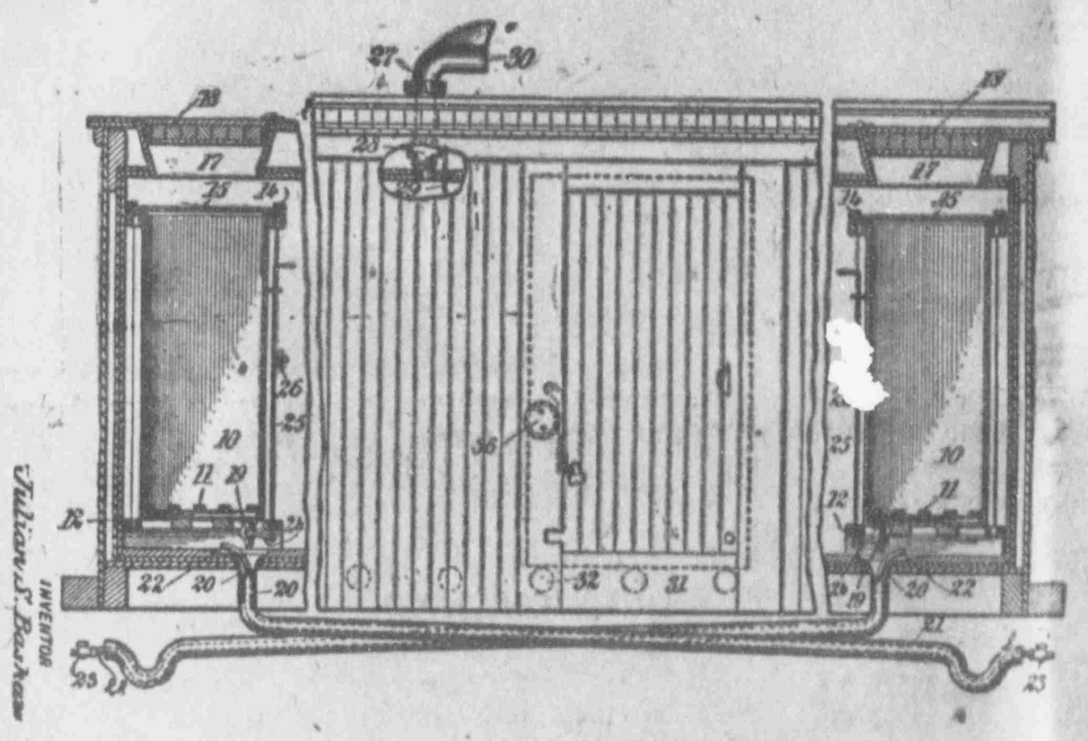
There are two advantages to this wonderful invention. The first and most important is the saving in refrigeration charges, and the second is that any ordinary railroad car may be used to advantage. This will obviate the great inconvenience and delay sometimes occasioned in the inability to secure the regular refrigerator car, thus delaying the shipments and in some events causing loss to the shippers.

Mr. Bashaw has secured his patent, and the following notice has been issued from the United States Patent Office:

To all whom it may concern:

Be it known that I, JULIAN SEAY BASHAW, a citizen of the United States, and a resident of Gainesville, in the county of Alachua and State of Florida, have invented a new and Improved Refrigerator-Car, of which the following is a full, clear, and exact description.

This invention relates to an improvement



in refrigerating-cars which enables me conveniently to adapt a car of ordinary construction to use as a refrigerator, this end being attained, generally speaking, by providing one or more ice-tanks of certain peculiar construction which are capable of being placed in the car through the usual door thereof.

The invention also involves novel means for circulating air through the car, all of which will be hereinafter fully set forth.

This specification is an exact description of one example of my invention, while the claims define the actual scope thereof.

Reference is to be had to the accompanying drawings, forming a part of this specification, in which similar characters of reference indicate corresponding parts in all the views.

Figure 1 is a side elevation of the invention with parts broken away. Fig. 2 is a cross-section thereof, and Fig. 3 is a detail perspective of one of the ice-tanks.

10 indicates the ice-tanks, which are constructed, preferably, of metal and provided with a rack 11 in their bottoms and a grating or inclosing frame 12 surrounding them and serving not only to protect the tanks, but to permit the circulation of air freely around the sides thereof. As best shown in Fig. 3, said tanks are provided on their upper edges with guides 14, in which is arranged a sliding cover 15, this cover serving to close the opening 16 in the top of the tank, through which opening the ice is admitted. In order to facilitate the introduction of the ice into the tanks, the roof of the car is provided with two openings 17, one for each tank, and a non-conducting closure 18 is fitted to each opening.

19 indicates drip-cocks, which are applied to the bottom of the tanks 10 and which empty into drip-pans 20 in the bottom of the car. From these pans tubes 21 lead, respectively, to opposite ends of the car to carry off the water formed by the melting of the ice, said tubes having traps therein to prevent air-currents from passing through the tubes.

22 indicates air-pipes, which are passed through the respective drip-pipes and extend upward to discharge air under the respective tanks. Said air-pipes are provided at their outer-ends with valves 23, by which the amount of air flowing through the pipes may be regulated. By means of this arrangement the incoming air is passed into immediate association with the cold water formed by the melting of the ice, and said air is to a certain extent cooled before it is brought into contact with the ice-tanks. The valves 19 have operating-arms 24 attached thereto, and said arms are in connection with rods 25, which extend up to the upper portions of the tanks to facilitate the operation of the valves 19, not only from the floor of the car, but by enabling an attendant to reach through the opening 17.

26 indicates a brace which extends transversely across the car at each end thereof to hold the ice-boxes removably in place.

Passing through the roof of the car is an air-outlet pipe 27, provided with a valve or cock 28, having an operating device 29 passing downward into the interior of the car to facilitate the adjustment of the cock 28, and by means of this cock the flow of air through the outlet-pipe 27 may be regulated at will.

30 indicates a cowl which is mounted to turn freely on the upper end of the outlet-pipe 27, so that the cowl will always discharge oppositely to the direction in which the train is moving or to leeward of a breeze which may be blowing when the train is at a standstill.

With the car constructed as described the warm air as it enters the pipes 22 is cooled by the drainage in the pipes 21 and then passes under the tanks 10. After circulating around these tanks it passes into contact with the contents of the car and is finally drawn out through the discharge-pipe 27. A continuous circulation is thus maintained, the warm air and gases generated by the perishable contents of the car being steadily withdrawn and its place taken by the cold air drawn in through the pipes 22.

31 indicates the door of the car, which is mounted to slide on the supporting-rollers 32, arranged longitudinally along side the of the car, and 36 indicates any suitable lock therefor.

Various changes in the form, proportions, and minor details of my invention may be resorted to at will without departing from the spirit and scope thereof. Hence I consider myself entitled to all such variations as may lie within the intent of my claims.

Having thus described my invention, I claim as new and desire to secure by Letters Patent—

1. The combination of a railway-car, a refrigerator-tank in each end thereof, drip-pipes passing through the car-bottom respectively below the refrigerator-tanks and extending past each other respectively to the opposite ends of the car, and air-circulating pipes passed through the drip-pipes and leading from the atmosphere into the car below the refrigerator-boxes.

2. The combination of a railway-car, a refrigerator-tank in each end thereof, drip-pipes passing through the car-bottom respectively below the refrigerator-tanks and extending past each other respectively to the opposite ends of the car, air-circulating pipes passed through the drip-pipes and leading from the atmosphere into the car below the refrigerator-boxes, the said drip-pipes having traps therein, and means controlling the air-flow through the air-pipes.

3. The combination of a railway-car having an opening in the top thereof, a removable closure for said opening, a tank located in the car below the opening, a removable closure for the top of the tank, a valve commanding a drip-outlet from the lower part of the tank and a valve-actuating means connected to the valve and extending upward outside of the tank adjacent to the upper end thereof and to the opening in the top of the car for the purpose specified.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. As It Looked on the Map.

Of every hundred tourists who visit the Canary islands quite seventy-five are British. Naturally, therefore, the natives of the Canary islands take a great interest in everything which affects England. It is perhaps a pity that their general ignorance is not a little less appalling, but their very disregard for accuracy lends a certain "charm" to their conversation. A man in a barber's shop pointed to a dilapidated map of the world which was nailed to the wall, and, putting his forefinger upon Spain, he exclaimed: "If war breaks out, Spain must retake Gibraltar. Have no fear. The English ships may come down to us because it is all downhill, but after we have crippled them they will not find it so easy to get back to England, because it is all uphill."

Followed Wife to the Grave.

Macon, Ga., Feb. 16.—Randolph Hunt, a Jones county planter, became so despondent over the death of his wife about two weeks ago that he swallowed the contents of a bottle of morphine Sunday night so as to be with her in death. He was found dead in bed Tuesday morning by his young son, Albert, and the decision of the coroner's inquest was that he took his own life. The deceased was reared in South Carolina, coming to Jones county later in life. He was 45 years old, and leaves one daughter and two sons. Since his wife died suddenly of paralysis nearly two weeks ago, he seemed so despondent that his friends thought his mind was affected.

Body of Girl Found In Barn.

Philadelphia, Feb. 16.—While cleaning away debris in the rear of the Union Transfer company's stables a workman found the body of a comely young woman. There was a long gash in the head, and the throat was cut evidently by the tines of a stable fork. The body was dressed in clothes of fine material and fashionable cut. The woman had beautiful blonde hair and blue eyes. Employes of the stable say the place where the body was found had been cleared away Sunday and it was not there then.

NOTICE OF APPLICATION FOR SPECIAL LEGISLATION.

Notice is hereby given that application will be made to the Legislature of the State of Florida, at its session in A. D. 1905, for a new charter, or amended charter, for the City of Gainesville.

NOTICE.

United States Land Office,
Gainesville, Fla., Dec. 29, 1904.

To Whom It May Concern:

Notice is hereby given that the State of Florida has filed in this office the following lists of lands selected by the State for School Indemnity under the Act of Congress dated February 28, 1891.

The following tracts, embraced in said lists, are in townships containing mineral claims of record, viz:

List 100, filed August 14, 1902, for E½ NW¼, NW¼ NW¼ & NE¼ SW¼ Sec. 20, Tp. 11 S., R. 17 E.

List 112, filed Sept. 25, 1902, for SE¼ SE¼ Sec. 18, Tp. 11 S., R. 17 E.

List 117, filed Jan. 9, 1903, for NE¼ NE¼ Sec. 28, Tp. 12 S., R. 17 E.

List 121, filed Oct. 5, 1903, for N½ NW¼ & SE¼ NW¼ Sec. 32, Tp. 11 S., R. 17 E.

A copy of said lists, so far as relating to these tracts, by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested and the public generally.

Within the next sixty days following the date of this notice, under the departmental regulations of Nov. 27, 1896, (23 L. D., 459) protests or contests against the claim of the State to any of the tracts or subdivisions herein described, on the ground that the same are more valuable for mineral than agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C.

Failure to protest or contest the claim of the State to said land within the time specified will be considered sufficient evidence of its non-mineral character, and the selection being otherwise free from objection will be recommended for approval.

HIGHWAY ROBBERY IS ADMITTED

Atlanta Boys Arrested In Birmingham for Alleged Crime.

Birmingham, Ala., Feb. 16.—Three Atlanta boys, James Blackstock, whose mother, Mrs. T. S. Blackstock, lives at 64 Culver street; his cousin, John Blackstock, whose wife lives on Greensferry street, and James Lathem whose father was formerly well known in Atlanta, are in the city jail here charged with several cases of highway robbery, a hanging offense in Alabama, and two of them have confessed implicating John Blackstock and John Patterson, who is in th ejail in Atlanta on a charge of assault with intent to murder Steve Moore, a bartender.

The two boys, James Blackstock and James Lathem, who first were arrested here, have written letters, the former to his mother and the latter to Detective Rowan, of Atlanta.

MURDER OR SUICIDE, WHICH?

Man Who Either Fell on Jumped from Window Is Killed.

Providence, R. I., Feb. 16.—A man identified as C. C. McGibben, of Derby, Conn., either fell or jumped from a room occupied by John Conrad, of Danville, of the hotel Perrin, on Washington street, this city, at an early hour this morning and sustained injuries from which he died almost instantly.

Conrad met McGibben in a saloon and brought him to his room to sleep through the night. They had a quarrel and when a night clerk whom Conrad summoned appeared in the room, the window was broken and McGibben was lying on the ground.

Conrad is under plocie surveillance.

ORGANIZING OIL MILLS.

Independent Mississippi Concerns Form Association.

Jackson, Miss., Feb. 16.—Seventy four of the largest independent oil mills in Mississippi met here and organized the Missisippi Cotton Seed Crushers' association.

It was also decided to build a $500,000 refinery and by-product plant at some point in this state and a committee to confer with the manufacturers of such machinery and get their bids. A committee was also appointed to draft a plan for a mutual insurance company among the independent mill owners. All those in attendance were agreed on these propositions and say that they will be put through. Another meeting is to be held when the committee gets ready to report.

A Notable Wedding.

Norfolk, Va., Feb. 16.—The most notable wedding of the present winter in the south occurred here today when Miss Anne Fitzhugh Lee, daughter of Mr. and Mrs. General Fitzhugh Lee was wed to Lewis Brown, of the Seventh United States cavalry stationed at Fort Oglethorpe, Ga. The marriage occurred at the historic St. Paul's Episcopal church, and was a full military wedding. The celebration was conducted by Rt. Rev. W. L. Randolph bishop of the diocese of Southern Virginia, assisted by Rev. Dr. Beverly D Tucker, rector of the St. Pauls. Lieutenant Brown is from Rhode Island.

Atlanta To Be Headquarters.

Atlanta, Feb. 16.—President Harvie Jordan, of the Southern Cotton association, said that he hoped to be able to move the headquarters of the Southern Cotton association to Atlanta within the next thirty days. "If I have my way about it," he said, "the headquarters of the association will surely come to Atlanta. I think Atlanta is the logical place for the head of the movement, and I think, moreover, that this city is entitled to one of the main offices connected with the association."

Killed In Attempt to Escape.

Donaldsonville, Ga., Feb. 16.—In attempting to escape Charles Masterman, a negro convict, was shot to death here. The convicts were being brought from the woods of the turpentine farm of J. Shingler & Bros. after the day's work. T. W. Williams, white, with Bob Hudson and Eugene Ansley, made their escape at the same time. Hudson and Ansley are still at large, but are being pursued by a posse with bloodhounds. They will probably be captured.

Political Freedom For Clergy.

Providence, R. I., Feb. 16.—About 40 Episcopal clergymen met here to consider the subject of political reform in accordance with a circular sent out by Bishop William N. McVickar last week, and adopted the following resolution: "Resolved, That the clergy of the Protestant Episcopal church of Rhode Island, profoundly convinced of the existence of corruption in the body politic, pledge themselves to support every effective method of political reform."

USE OF FRENCH WORDS.

A Practice That Does Not Help the English Language.

Why do people persist in using French words when there are good old English words to serve the purpose? It is a habit that is growing daily. For instance, at dinner people give you "menu" instead of "bill of fare," though the items are such English dishes as boiled cod, roast beef and apple tart. One is accommodated with a serviette instead of a napkin, an English word, but originally of French origin, as is the Scotch word napery, used for household linen. When you enter a shop you are served with corsets instead of stays, costumes by a costumiere instead of dresses by a dressmaker. "Blouses" take the place of shirts or waists, and hose are offered for stockings. The former word is, however, English. At the theater we have programmes instead of playbills and matinees in place of afternoon performances. Toques are adjusted with as much ease as hats, and we eat in a restaurant as cheerfully as in a dining room. There are, of course, untranslatable words which must be used, but our good old English language is rapidly becoming a hotchpotch of foreign words, while telegraphy is doing its best to oust all the crisp and racy Saxon speech. Whenever possible let us determine to use an English instead of a French word, both in literature and conversation.—London Graphic.

Mobile, Ala., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. CLARK.
M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Insure with Cushman & Hill.

Four clever, up-to-date vaudeville artists are with the new "Old Farmer Hopkins" company, and will introduce their refined and pleasing specialties during the play at the opera house tonight.

George Cellon of Miami is in the city, having been summoned on account of the serious illness of his mother, who is ill at the home of Francis Cellon, North Garden street. The patient is about ninety years of age, and naturally the affliction is hard. It is hoped, however, that she will soon recover.

The numerous friends of Mr. and Mrs. C. A. Nichols will regret to learn of the continued illness of their infant son, which has been critically ill for several days. It was thought that the child was recovering, but a relapse has resulted seriously, and chances are that the illness will prove fatal. It is hoped, however, that there will be a change for the better.

Abe Dzialynski, who has been engaged in the fruit and produce business in this city for the past few months, having disposed of his interests, expects to make his departure in a day or two for White Springs, where he will assist his mother in running a hotel. While his friends here regret very much to lose him, they will nevertheless wish him success in his new home.

A. Chresostomidhes has purchased the fruit and confectionery business of A. Dzialynski, West Union street. He will continue to operate same, but will make a great many improvements in the place. He proposes to thoroughly renovate and repaper the room, and make many improvements which he deems necessary to a first-class fruit stand, after which the place will be opened to the public. John, as he is more familiarly known, has made a great success of the fruit business here, having conducted a store for many years.

Engineer John Quinlan of the Atlantic Coast Line, one of the cleverest fellows who ever pulled a throttle, has been assigned to the High Springs-Rochelle run for a few days, succeeding Engineer Berry Daniels. Mr. Quinlan has been running between St. Petersburg and Palatka for the past few weeks. His family resides at High Springs, however, and he says he is glad he has been transferred, in order to be with them. He formerly ran between High Springs and Rochelle, and has many old friends along the route who are glad to welcome him again.

Captain W. F. Baker of St. Petersburg, one of the clever and efficient conductors in the employ of the Atlantic Coast Line, has arrived in the city. Mr. Baker, who is running a train between St. Petersburg and Jacksonville, is also an operator and extrain dispatcher, and came to relieve the force now engaged in the train dispatcher's office here, owing to the illness of the baby of Dispatcher Nichols and the illness of Dispatcher Higdon, which has resulted in a short force for the past few days. He is well known here, having been at one time regularly employed in the train dispatcher's office in Gainesville. His old friends are glad to welcome him again, and declare it looks natural to see him at the desk.
